Education

SDM Institute of Technology, Ujire
B.E in Computer Science & Engg.
CGPA: 8.57

Ujire, Karnataka
DEC 2021

SDM PU College, Ujire
Combination: PCMB
Percentage: 83.83

Ujire, Karnataka
JUNE 2019 - MAR 2021

Experience

Vraio Software Solutions Pvt Ltd | Student Intern

Bengaluru, India | October 2023 - November 2023

‹ Trained in Front-End Web development
‹ Completed Task Portfolio Website.

Skills

Programming Languages: C, Java, HTML, CSS.
Libraries/Frameworks: Basics of Springboot.
Databases: MySQL

Projects

Iris Segmentation   Python, MediaPipe, OpenCV

An innovative project aimed at enhancing biometric recognition accuracy through precise detection and analysis of iris regions. The project leverages advanced image processing techniques to improve security and diagnostic applications in real-time environments.

Online Voting System   Java, Spring, MySQL

Developed an online voting system using Java Spring and MySQL, aiming to ensure secure and efficient voter authentication and vote counting. Integrated OpenCV and Python for advanced biometric verification, enhancing the security of the voting process.

Certifications

‹ Data Science for Engineers-NPTEL
‹ Python for Data Science-Infosys Springboard
‹ Learn Java Programming Beginning to Master-Udemy

Hobbies

‹ Reading books   ‹ Coding Personal Projects

Languages

‹ English   ‹ Kannada
